

# FEDDERLITE®

Prefabricated Exterior Wall Insulation and Finish System for Use over Solid Substrates

## Product Overview

Fedderlite® is a lightweight panel system for use in new construction or retrofit over solid substrates.

This panel utilizes a unique process for embedding reinforcing channels into the continuous insulation to provide a means for handling, as well as mechanical attachment to the wall.

Fedderlite panels may be adhered or mechanically fastened to approved substrates.

## Features & Benefits

- Ultra-Lightweight (2.5 lb/ft<sup>2</sup>) construction for easier handling and on-site installation
- Panels must be attached to a smooth, solid substrate for streamlined installation
- Unique, embedded reinforcing channels provide strength and enhanced handling

## System Components

1	Fedderlite Channels
2	Expanded Polystyrene (EPS)
3	Reinforcing Mesh ( <i>Embedded in Base Coat</i> )
4	Base Coat
5	Finish Coat ( <i>Shown: Reflectit™ Smooth. See pg. 8</i> )

# Why Build with Dryvit Prefabricated Panels?

Speed construction or restoration. Simplify installation. Extend the construction season. A structure built with a Dryvit prefabricated panel system means more for everyone – more satisfied contractors, more comfortable occupants or tenants, and more efficient structures and cost-effective operation for owners.

### Faster Construction Time

In-plant fabrication can reduce production time, and speed up field application of exterior cladding systems, to reduce construction schedules.

### Any Look You Want

A wide range of colors and finishes like brick, granite, metals, stucco and more provide maximum flexibility in your façade aesthetic.

### Stronger and More Resilient

Our systems are designed for maximum durability, many with service lives far surpassing that of competing systems.

### Avoid Labor Shortage Problems

Pre-fabricated Dryvit panels can help address ongoing shortages in the skilled labor force – while simultaneously maximizing quality control.

### Cost Effective for the Long Term

A broad range of products can fit most project budgets – but our energy-efficiency and maintenance solutions can also help you ensure cost-effective ownership and operation for the long term.

### Better Insulated

Industry-leading Outsulation® continuous insulation means efficient construction and operation, and will exceed strict energy codes for insulation.

### One Point of Contact

Our products and systems are backed by industry-leading warranties – all from a single point of contact. We can also help with everything from asset management to diagnostics to installer training.

### Leading Edge Sustainability

Our building solutions help you reduce waste, and meet green building standards like Net Zero, Living Building Challenge, Passive House and more.
